

Lexmark Embedded Solutions

Enhance your customer's business with solutions that trim costs, save time and reduce errors in their document processes.

When you pair award-winning Lexmark hardware and innovative solutions software, the combination is extremely powerful. You'll unleash greater efficiency and productivity, accelerate paper and energy savings, and reap the benefits of streamlined workflows.

Solutions are divided into the following sections:

- ▶ **Capture and Route** - Workflow solutions for distributed document capture and routing to specific locations
- ▶ **Copy, Print and Fax** - Applications supporting specialised paper-oriented functionality
- ▶ **Accessibility and Usability** - Solutions for ADA compliance and convenience
- ▶ **Tools and Framework** - Applications for configuring shortcuts or templates to support other solutions
- ▶ **Communicate and Personalise** - Tools that allow the Lexmark eTask interface to be customised for a specific purpose
- ▶ **Store and Retrieve** - Solutions delivering print-on-demand capabilities at the eTask panel of device
- ▶ **Tracking and Accounting** - Tools for loading authorised users and tracking page usage at the device

Capture and Route		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	AccuRead Automate Lexmark's AccuRead Automate app enables a Lexmark smart MFP to capture, automatically classify, and route documents, whilst extracting key information for file naming and indexing. Minimum 1GB DRAM required.	82S0982	No	N/A	Partner Instal	Yes
	AccuRead OCR Create searchable or editable files (searchable PDF, RTF, TXT) on a Lexmark solutions capable MFP. Requires Hard Drive. May require additional DRAM memory. 30 Day Trial Available.	82S0533	Yes	Per Device	Partner Instal	Yes
	Scan to Hard Drive Lets you capture documents and save them on the printer's secure hard drive for printing on demand. Lets you save documents in public or private folders, view them as thumbnails, and move, rename or delete files.	82S0153	No	N/A	Partner Instal	Yes
	Scan Centre Lets you capture a digital image of a hardcopy document and route the file to a shared network folder. You can preview the first page, rescan the document if necessary, and print a confirmation page with delivery status and time.	82S0191	No	N/A	Pre-Instal/Partner Instal	No
	Scan Centre Premium The premium version of Lexmark Scan to Network provides advanced imaging, indexing, page management and notification features. You can optimise image quality with automated preview and cleanup tools; add or remove pages; remove blank pages to reduce file size; and index the file through on-screen prompts, bar code capability or a combination of both.	82S0970	No	N/A	Partner Instal	Yes

Capture and Route		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	Scan to RightFax Allows you to easily scan documents directly from a Lexmark MFP into your RightFax Server. RightFax Server is a network fax software application that runs on a Windows platform enabling a user to send and receive faxes to their desktop PC. 90 Day Trial Available.	82S0536	No	N/A	Partner Instal	Yes
	Scan to SharePoint® Provides Microsoft SharePoint® users with a powerful array of tools to capture, index and retrieve documents. Library services let you check in and check out documents, enable version control and print documents from accessible folders.	82S0085	No	N/A	Partner Instal	Yes
	OnBase Connector Allows you to scan, index, and route documents into the Hyland OnBase® enterprise content management system directly from Lexmark smart MFPs.	82S1129	No	N/A	Partner Instal	Yes

Copy, Print and Fax		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	Card Copy Captures an image of both sides of an ID card or credit card and prints the images in an enlarged view on one side of a sheet of paper. The digital file can also be saved in a network folder. This application does not require a hard drive, but will use the additional storage capacity if one is present.	82S0245	No	N/A	Pre-Instal/Partner Instal	(Optional)
	Eco-Copy Helps you control paper and toner costs with three eco-smart copy settings: darkness control, automatic duplex, and paper saver, which copies pages multi-up onto a single side of the paper.	82S0229	No	N/A	Partner Instal	No
	Fax Over IP Lexmark's Fax Over IP application doesn't require a separate analogue fax line or a fax card/modem to send and receive faxes over VOIP systems. Instead, faxes are sent directly from the MFP through the IP network.	82S0397	Yes	Per Device	Partner Instal	No

Accessibility and Usability		Part #	Chargeable	Licensing	Implementation	Hard drive required
	Accessibility Solution Allows users with disabilities to set up copy, fax, e-mail, FTP and scan jobs directly from their workstation rather than requiring use of the MFP touch-screen display.	82S0087	No	N/A	Partner Instal	No
	Customer Support Lets you send an e-mail alert to your help desk or service provider to request service or support. Pertinent information about the device can be automatically attached to the e-mail message.	82S0247	No	N/A	Pre-Instal/Partner Instal	No
	QR Code Generator Generates a Quick Response (QR) Code and display it on the device UI. The QR Code contains the device's IP address by default.	82S0143	No	N/A	Partner Instal	No

Tools and Framework		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	Barcode Discovery Creates and manages templates for bar code reading in applications, such as Scan to Network Premium.	82S0083	No	N/A	Partner Instal	Yes
	Solution Composer Agent Creates custom solutions for Lexmark Solutions devices.	82S0291	No	N/A	Partner Instal	(Optional)

Communicate and Personalise		Part #	Chargeable	Licensing	Implementation	Hard drive required
	Display Customisation Allows you to change the background image that displays on the device's home screen and the images that display when the device is in idle or standby mode.	82S0975	No	N/A	Pre-Instal/Partner Instal	No
	Shortcut Centre Lets each person create personalised shortcuts for their frequent copy, fax and e-mail tasks. Lets you name your shortcut and choose the icon. Saves your document settings, e-mail addresses and phone numbers so you don't have to re-enter them.	82S0976	No	N/A	Pre-Instal/Partner Instal	No

Store and Retrieve		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	Downtime Reports Gives you 24/7 access to critical documents and reports, even if your IT system fails or the network goes down. As documents are updated throughout the day, they are streamed to your Lexmark printer or MFP and stored on the secure hard drive. During a downtime event, simply tap the touch screen, choose a folder and select the documents you need to print.	82S0194	No	N/A	Partner Instal	Yes

Tracking and Accounting		Part #	Chargeable	Licensing	Implementation	Hard Drive required
	Device Quotas Allows the administrator to configure user level quotas for Print, Scan, Copy and Outbound Fax on this printer.	82S0139	No	N/A	Pre-Instal/Partner Instal	Yes
